Co-Chair: Lucy Kramer

Minutes From: January 14<sup>th</sup>, 2015

Next Meeting: February 11<sup>th</sup>, 2015

Place and Time: AHRC, 83 Maiden Lane, 11<sup>th</sup> Fl @ 9:30

Opportunities:

**AHRC, NYC:**

(AKA: AHRC)

See Attached Vacancy List

**Association For MetroArea Autistic Children:**

(AKA: AMAC)

Openings are available in Day Habilitation With Walls for those diagnosed with Autism, transportation is provided to and from program for individuals that reside in the Bronx and Manhattan AMAC has openings in their traditional 2 week sleep away program and one doesn't need to be Waiver enrolled or need to be OPWDD eligible. Campers need to be 8 years or older, ambulatory, and toilet trained.

**General Human Outreach:**

(AKA: GHO)

Openings are available in Long Island City and Manhattan for Day Habilitation With Walls and Day Habilitation Without Walls

**Human First Inc.:**

17 Day Habilitation Openings in Manhattan, Brooklyn, and Queens

The Day Habilitation openings in Manhattan, is a traditional Day Hab Program With Walls

The Day Habilitation program in Brooklyn and Queens is Without Walls but there is a site that the individuals "meet" at every day

**Life Adjustment Center:**

(AKA: LAC)

Openings are in our Day Habilitation Programs W/Walls in the following locations:

Northern Harlem: for those with Moderate to Severe MR

Lower East Side: for those with Moderate to Mild MR

Brooklyn: for those diagnosed with Autism or along the spectrum

All of LAC's Day Programs take those who aren't ready for work.

We focus primarily on Adaptive Daily Living Skills, Self Help Skills, and Socialization Skills. Basic Functional Academics are also taught to the individuals that we serve. Our individuals go out into the Community on a consistent basis via Community Inclusion such as: walks or bus trips. We offer transportation to and from all programs

**Young Adult Institute:**

(AKA: YAI)

Has Supportive Employment Openings and one must be referred through Access V-R. However, one doesn't need to be referred through Access V-R if one is already working

**Pathways to Employment:**

New York Foundling has started a new program called Pathways to Employment. Pathways to Employment had been started as a way to get the individuals that we serve exposed to work environments. This is different from other employment opportunities such as: SEMP because it allows for a "period of discovery" by providing individuals with different internships. Employment is time limited, to that of 278 hours within a 12 month period. Internships through Pathways to Employment are more intensive individualized job focused programs than Pre Voc. New York Foundling's Pathways to Employment, has opportunities in: Staten Island, Bronx and Rockland County. This program provides training which includes 20 workshops. Work hours vary according to individuals because an individual can combine work hours with other OPWDD services such as: Day Habilitation. Once one has finished his or her hours then, one would go directly into Supportive Work Employment (AKA: SEMP). Once one has finished his or her hours with Pathways to Employment and it is interested in continuing into SESMP, it is not necessary for one to go through Access V-R. However, since Pathways to Employment is a discovery process of internships, when finished, one wouldn't necessarily transition directly into full time work

**Employment Training Program:**

(AKA: ETP)

Employment Training Program differs from Pathways to Employment because ETP is a paid internship while students are in school or once they have graduated. If an individual is involved with ETP while in school, it is up to the Department of Education to find a job for the individual. However, if one is involved with ETP once he or she has graduated, then, it is the responsibility of the agency servicing the individual to find him or her work.

**Graduates:**

There are still a handful of graduates who have not yet been deemed eligible for OPWDD Services or have not yet secured MSC services.

See you all on February 11<sup>th</sup>, 2015 @: AHRC, 11<sup>th</sup> Fl. We will being at approximately 9:30

# The New York Foundling

In 1869, three Sisters of Charity opened their doors to save the lives of babies being abandoned on the streets of New York, beginning the tremendous legacy of The New York Foundling ("The Foundling"). Over the past 145 years, The Foundling has continued evolving from a respite home for abandoned children, to a comprehensive spectrum of community support services designed

to support our mission of empowering children, families and adults to live healthy, independent, and fulfilling lives.

# Employment Transition and Support at The New York Foundling

The Foundling has begun a new program to help individuals with disabilities to become prepared for the work world. Our individuals have the opportunity to gain work experience by taking part in a variety of discovery periods in a multitude of jobs. Paired with a job coach and an employment seminar, each individual will feel comfortable to explore a new job and build the skills to grow into a valuable employee for potential employers.

## Benefits of Employment Transition and Support Program:

## What is Day Habilitation?

Day Habilitation is a group day program for adults with developmental disabilities. Program participants learn valuable skills with their peers and take part in activities both at the day program site as well as within their communities. We offer this program in four locations: Brooklyn, Queens, Manhattan, and Deer Park in Suffolk County, NY.

## Getting to Know Our Neighbors

Being active members within our communities is an important part of our day programs. Each program develops relationships with local businesses, community groups, and other recreational and educational institutions that help our participants learn and develop skills that can be used outside the program.
