About The Children's Aid Society

The Children's Aid Society helps children in poverty to succeed and thrive. We do this by providing comprehensive supports to children and their families in targeted high-needs New York City neighborhoods.

Since our founding in 1853, Children's Aid has been at the forefront of developing innovative and effective programs for New York City's most vulnerable children. Our caring begins before birth and continues into adulthood, addressing all aspects of a child's development. And because children are most likely to thrive when their families are stable, we provide a host of services to parents as well.

Children's Aid serves children and their families at more than 45 locations in New York City and Westchester County.

Wagon Road Camp Respite Services

Overview

We offer a unique overnight program serving children with developmental disabilities on school holidays and weekends. This service provides short-term, temporary care that gives children the opportunity for social interaction and growth and their parents or other caregivers relief from the many demands placed on them.

Wagon Road Camp has been in operation since 1956 and provides a safe, accepting and supervised environment that enables children to have a relaxed, fun-filled experience. The activities are designed for various ability levels. They encourage participation and social interaction. In addition, we weave learning opportunities into the activities to enrich each participants' experience. The camp is dedicated to creating a setting where each child can function as fully as possible.

Facilities

- * 52 beautiful acres of woods, trails and fields located just 35 miles north of New York City
- * Spacious, heated cabins
- * Specialty areas for arts & crafts, music, athletics and cooking activities
- * Wheelchair accessible
- * Fully-equipped kitchen where all meals are prepared according to USDA guidelines
- * Heated pool and horseback riding corral for summer use

Children Served

Wagon Road Camp serves children ages 7-17 with physical and/or developmental disabilities residing in the Bronx, Brooklyn, Manhattan, Queens and Westchester counties.

Disabilities include but are not limited to cerebral palsy, spina bifida, Down syndrome, mental retardation, autism and neurological impairments. If you have any questions regarding the eligibility of your child, feel free to call us for further information.

Application Procedure

- * Parents or referring agencies can obtain applications by calling the camp office directly or writing to Wagon Road Camp.
- * Applications must be completed and signed by a parent or guardian. The medical portion must be completed by a physician who knows the child's medical condition and history.
- * Eligibility is dependent upon a documented developmental disability. Documentation consists of a psychological evaluation, Vineland Behavior Scale or equivalent.
- * Medicaid waiver or single-use status is required.
- * An interview with the parent or guardian and child will be schedule for new applicants. At that time, all details about the camp and child's care will be addressed.

Health and Safety

Our camp operates in accordance with New York State Health Laws and is accredited by the American Camping Association. Our swimming program is run according to American Red Cross standards.

Medical Care

Whenever camp is in session, an experienced NYS-licensed nurse is in 24-hour residence. In addition, The Children's Aid Society provides a physician on 24-hour call.

Grouping and Staffing

While at camp, children are placed in groups of 10-15 children each, according to their disability. A staff/child ratio of 1:2 is always maintained. The cabin leaders and counselors are carefully selected, trained and supervised by the camp's experienced professionals.

Transportation

Chartered, round-trip bus service will be provided for New York City residents. Parents may also bring their children directly to camp.
