

The Manhattan Family Support Services Advisory Council

Help for Families of Children with Developmental Disabilities!

Developmental disabilities include intellectual disabilities, autism, cerebral palsy, epilepsy, and neurological impairments.

Did you know there is a wealth of services for children and adults with developmental disabilities?

Come and learn about family support services, such as recreation, in-home or overnight respite (professional child care), help managing difficult behaviors, and many more. These **free services** are specifically for families who are raising their children with developmental disabilities at home.

Janet Davis, Family Support Coordinator, from the Manhattan branch of the NYS Office for People with Developmental Disabilities, will tell you about the many services and supports available to families – and about how you can get them.

Don't miss this opportunity to learn about services that could actually change your life!

Spanish or Chinese interpretation provided if requested by May 8. Contact Margaret at 212-799-2042 or margaret.puddington@gmail.com to request interpretation.

Learn, eat, network with experienced families. Join us:

Tuesday, May 16, 2017
