Dear Friends and Colleagues:

NY START is excited about the continued development of the NY START (Systemic, Therapeutic, Assessment, Resources and Treatment) program across the state. The program provides training, consultation, therapeutic services and technical assistance to enhance the ability of the community to support individuals with intellectual and developmental disabilities and complex behavioral health needs, and focuses on establishing integrated services with agency providers. NY START is not a separate system and does not replace existing services. Providing supports that enable an individual to remain in their home or community placement is NY START's first priority.

As OPWDD continues development of the START program initiative to redesign and strengthen its system for the provision of community based crisis prevention and intervention services we are pleased to announce that the program will be launching START teams in New York City and begin this important collaborative work in the community.

We would like to invite you to our launch conference which will provide an overview of the START model, information on the development of the model in New York City, and demonstrations and discussion on the key elements of the model. Conferences will be held on: April 27, 2016; May 25 & 25, 2016; June 8, 2016; August 3, 2016; September 14, 2016; and October 19, 2016. To register for the upcoming April 27, 2016 conference go to

OUT-OF-HOME OVERNIGHT RESPIRE AT CAMP OAKHURST

FOR CHILDREN AND ADULTS WITH PHYSICAL AND/OR DEVELOPMENTAL DISABILITIES

Why overnight respite at Camp Oakhurst?

Families caring after a relative with disabilities in their own home need period breaks. They can get one, while their relative with disabilities enjoys a 2-12 night stay at Camp Oakhurst. Respite sessions are scheduled year-round, and in the summer take the form of a sleep away camp. On a limited basis, emergency respite care is also available.

What will happen at an overnight respite?

Clients stay in barrier-free heated and air conditioned cabins with age appropriate groups. Care and supervision provided by trained experienced staff living on-site is provided 24/7. Clients have access to a full program of adapted recreational activities, including trips off-camp.

Does my family qualify for overnight respite?

Individuals who live in New York City or New Jersey and have a physical and/or developmental disability, including autism, may qualify for state-supported respite. Even if not eligible for state-supported respite, clients may apply and attend all sessions. Registration starts with an application and includes a personal interview with a staff member.

How long are respite periods and how can I get there?

There are separate sessions for children and adults. Registered families receive a yearly calendar of scheduled respite and summer camp sessions. They vary in length from a weekend to 3, 4, 5, 7 or 12 night sessions. Some families get to and from Oakhurst on their own, others receive central site transportation from NYC in lift- equipped vehicles.

What does it cost?

There is no fee for those qualifying for state-supported respite. Others pay a fee that may be scaled according to income and family size.

When should I apply?

Applications are received throughout the year. Confirmation for a particular respite session depends on space and transportation needs. Call us or visit www.nysh.org for applications and a schedule.
