ADAPT Community Network and Care Design New York

Adapt is something we all do—to life, to our environment, and to the particular circumstances we find ourselves in at any given time. **Community** signals that we, and all to whom we provide services, are part of the fabric of the community in which we live. **Network** describes the alliances we will form to grow and expand our reach in order to guarantee the fullest possible life for all those who look to us for support. In this spirit, ADAPT Community Network formed an affiliation with Care Design New York, a leading Care Coordination Organization.

Care Design New York was created with the involvement and participation of over 70 agencies with long and successful histories of specializing in the provision of services to children and adults with Intellectual and/or Developmental Disabilities (IDD). Our story is rooted specifically in the provision of Medicaid Ser-

vice Coordination. The agencies recognized that with the requirement for New York State to provide Medicaid Service Coordination in a conflict-free way, and to increase the provision of that service to a more elevated “Care Management,” they wanted to be involved and on the forefront of that transformation. We are stronger with the involvement of all of our partners. One in particular, Partners Health Plan (PHP), is the only managed care health plan for individuals with IDD in New York State. Our mission is to assist individuals with intellectual and/or developmental disabilities to get the supports and services they need to live a quality life. For more information, go to <https://www.caredesignny.org/>.

ADAPT HONORS DIRECT SUPPORT PROFESSIONALS

ADAPT Community Network and its Network Partner Human First honored our Direct Service Professionals at the annual luncheon on Friday, October 5th. The event took place at the CUNY Center where close to 100 honorees, guests, and staff participated in this festive event. The theme of the event this year was: "[We Change] One Person at a Time."

The guest of honor was Commissioner Victor Calise for New York City Mayor's Office for People with Disabilities. In his remarks Calise thanked the DSPs for their commitment and congratulated the honorees of 2018. He also talked about the main goals for his office and other partners: "We are working together to make New York City the most accessible city in the world."

The opening remarks were given by ADAPT's CEO Edward R. Matthews, who expressed ADAPT's gratitude for our DSP workforce.

Annette Armstrong, a grandmother of Lashawnda Armstrong who receives services at ADAPT, spoke about her appreciation of all the hard work our DSPs have done for her family. Amber Harris, who works at ADAPT's main office, gave short remarks on her journey at ADAPT. The event ended with the presentation of the award certificates to this year's honorees from ADAPT and Human First.

FAMILY RESOURCES

Eligibility for Waiver services

Individuals who are new to OPWDD services will need to contact OPWDD's "Front Door" to start the eligibility process. There, staff from OPWDD will inform you about available services and the requirements to enter the service system, including enrolling in Medicaid if the person has not already done so. You will also be given information about the three CCOs that will be providing care management and be asked to select one of them. The benefit of completing the OPWDD eligibility process is receiving ongoing support services for your family member and family as a whole that can be funded through Medicaid and requires no out-of-pocket costs to you. For information on accessing OPWDD's Front Door, contact:

Bronx (718) 430-0757	Brooklyn (718) 642-8576	Manhattan (646) 766-3220	Queens (718) 217-6485	Staten Island (718) 982-1913
--------------------------------	-----------------------------------	------------------------------------	---------------------------------	--

Care Coordination Organization (CCO)

CCOs are part of an overall structure called Health Homes, which is designed to provide a comprehensive framework to integrated services. Care Coordination will be a broader program than Medicaid Service Coordination (MSC). It will continue to provide the same level of support service as MSC but will incorporate health and behavioral health services, long-term care services and coordinate all the Medicaid-funded services and supports that a person with ID/DD might need.

You can check out Care Design New York's website at www.caredesignny.org for a listing of upcoming Family Forums (information sessions). You can also access information about Care Coordination and OPWDD-funded services on the OPWDD website at <https://opwdd.ny.gov/>. If you have any questions about Care Design New York, you may call (518) 235-1888 or contact them via the web address above. (Care Design is affiliated with ADAPT Community Network.)

ADAPT COMMUNITY NETWORK RECEIVES A THREE-YEAR ACCREDITATION FROM THE COUNCIL ON QUALITY AND LEADERSHIP (CQL)

CQL | The Council on Quality and Leadership

The Council on Quality and Leadership (CQL) is a national accreditation body whose singular focus is whether the staff and policies of the organization seeking accreditation are completely focused on understanding the things that really matter in the lives of the people supported and whether or not services are designed to meet these outcomes.

As it has in other states, CQL has worked closely with the New York State Office of People with Developmental Disabilities to provide training and technical assistance to State and voluntary agency staff in meeting the Personal Outcome Measures (POMS) for each individual.

Similar to CARF, CQL also offers individual agency accreditation and seal of approval. CARF, however, assesses the overall quality of service while CQL focuses on each individual. ADAPT elected to seek CQL accreditation for several reasons. First, affirmation that we are person centered in our approach; and second, our belief that CQL standards will play a large role in how agencies will be paid for service in the Managed Care era.

It is a rigorous survey and evaluation process which required months of preparation. We were visited by four CQL surveyors from around the nation who, over a four-day period, conducted countless interviews with persons served, families and staff. I am pleased to report that ADAPT Community Network received a full three-year accreditation from CQL. We were commended for our rebranding efforts, our family atmosphere, our focus on technology, our diversity and our respect for the dignity of each person supported. We are very proud and grateful for this acknowledgment. We will continue to do our best to live up to and exceed these expectations.
